

SPONSORSHIP OF FELLOWSHIP GRANT

In addressing the need for more doctors trained to handle plastic and reconstructive surgery PBM established this program which sponsors one candidate doctor yearly for three years of training. Effectively the program now certifies one additional plastic & reconstructive surgeon yearly. PBM is very pleased with the success of this program and will continue its support as our contribution to a better and larger coverage of medical service in the field of plastic and reconstructive surgery.

Dr. Reden Abella
Y2001

Dr. Christine Atienza
Y2002

Dr. Gilbert Esquejo
Y2003

Dr. Richard Cabotage
Y2004

Dr. Olympia Sagalongos
Y2005

Dr. Reden Abella and Dr. Christine Atienza have already finished and are accredited plastic and reconstructive surgeons. Both of them support PBM requirements for surgeons particularly in outreach missions and in hospital based surgeries.
