

## MAJOR PROJECTS

### EAST AVENUE PROPERTY DEVELOPMENT PROGRAM

---

PBM's East Avenue property is being developed to accommodate parking for 70 vehicles in order to generate additional resources for our services. This parking facility will be operational by December 2005.

Additionally, a new two storey office building is being constructed to accommodate our office and Administrative Staff as well as our clinics for Speech Therapy, Pediatrics, Audiology, Dental, Orthodontal, Otolaryngology, Ophthalmology, Anesthesiology, Genetic Counseling, Psychology and Parents Support Group.

This facility will also serve our PBM Family Members, and those participating in the Chandumal Mirani Assistance Fund for their meetings and assemblies on interaction of revenue generating opportunities. We will relocate our presently rented office to this new building on March 2006.
